Hiking Along the Border - Going to the Limits

International seminar

Thursday 6th - Sunday 9th of December 2007

Mühl-fun-viertel, Klaffer, Austria

Kinderfreunde Mühlviertel invite YOU to take part in an European seminar co-funded by the „youth in action“ program.

Nature and Ecology are human living space. A healthy environment enables a healthy body and mind. The Mühl-fun-viertel lies in the heart of Europe, close to the borders of Austria, Germany and the Czech Republic. However, nature doesn't know these borders.

During the seminar you will be able to walk along country borders, reach your inner borders, collect experience on cultural and personal levels. You will do so with methods of outdoor education, team games, physical education and knowledge exchange.

YOU are invited to hike, share your experience, to learn, present and discuss on an international level with other members of children and youth organizations from following countries:

Czech Republic, Germany, Poland, Slovenia and Austria
